1. To improve the image of the student athlete

 - e. A focus of interest on activity programs for the student body, faculty, and community that will generate a feeling of unity.
 - f. Achievement of initial goals as set by the school in general and the student as an individual.
 - g. Provisions for worthy use of leisure time in later life, either as a participant or spectator.

Student Athlete Rules

You must have a physical exam report on file with Miss Huff the athletic director in the office.

Middle School Athletic Grade Policy

Students must be passing at least 5 classes in order to participate in any sport at Rising Sun Middle School. Semester grades will take precedent over the 9-weeks grades in order to determine eligibility. Students who do not meet these standards at the 9-week or semester grading periods, whichever is applicable, are not eligible. Students that are ineligible at these times may enter the tutoring program to try and regain eligibility at the conclusion of the above mentioned grading periods.

Student athletes not meeting any of the above standards at the 9-week progress report time will be placed on probationary status. Students on probationary status must meet with the Athletic Director to develop a tutorial program in order to help the student remain eligible. Probationary students will remain eligible as long as they remain in the tutoring program. Tutorial programs should be set up with the cooperation and help of the course teacher and the proper tutorial personnel. Refusal by the student athlete to participate in the tutoring program will result in the student athlete being immediately declared ineligible for the remainder of the grading period. Once identified, probationary student athletes will remain in the tutoring program for the remainder of the grading period and or sports season whichever is longer. The athletic director and coach will monitor the grades of the student athletes to insure they meet eligibility standards set by the school. The athletic director will check mid-term, 9 week and semester grades to aid in the determination of student athlete entering the tutoring program.

A coach, athletic director, parent, or athlete can at any time during the sports season identify and/or request to be placed into the tutoring program. Once placed into the tutoring program, a student athlete must remain in the program for the remainder of the sports season or grading period, whichever is longer.

Students who are on probation and have an electronic monitoring system will not be allowed to play in the games until the device has been taken off

Attendance- An athlete must be in school and in the classroom on the day of a scheduled athletic event from the end of lunch period to the end of the school day. The only exception is if the athlete has prior permission from the Principal or Athletic Director.

You are expected to conduct yourself in an appropriate way at school, practice, and games. Inappropriate behavior in any setting will bring about disciplinary action.

Practices: All athletes are expected to attend practices. Family emergencies, illness, or doctor's appointments will be excused. **If an athlete misses practice, the parent or athlete is to inform the coach about why the athlete missed the practice.** A player that misses more than two unexcused practices will be removed from the team. Players need to come to practice on time. Tardiness will result in loss of playing time and habitual tardiness will result in dismissal from the team. Practices are not open to parents or other guests.

At games, athletes will sit as a team and act appropriately.

Transportation- Athletes should ride the bus to and from games. If your parents attend the away games, you may ride home with your parent. If an athlete needs to ride home with someone else after the game, the athlete needs to have a note from your parent stating you can ride home with someone else and **prior approval by Principal or Athletic Director.**

If your bus behavior is not appropriate, you will not be allowed to go to the next away game. There will be no food or drink on the bus unless the bus driver has given permission.

Behavior

Players will be role models on and off the court. The following consequences will occur for misbehavior at school or school related activities.

Consequences

1. Wednesday school- Suspended for 1 game
2. In-School Suspension or ACDC- Suspended for 2 games
3. Any further misconduct will result in dismissal from the team.

Coaches with the consent of the athletic director have the right to dismiss players immediately from the team for poor sportsmanship. Poor sportsmanship consists of but is not limited to the following: taunting, fighting, stomping feet, profanity, questioning officials, throwing any object out of anger, etc.

Parents and family members, we realize that everyone wants their child to play; however their skill level will determine how much playing time they may get. This is the coach's decision. Please remember that they are getting playing time during practice. If you have a problem, please do not approach the coach during or after a game. Parents are not to sit on the bench with the players. Please set up an appointment with the coach by calling the Athletic Director at the school.

We also want to stress how important that good sportsmanship is. We expect our parents, family members, fans, players, and coaches to represent our school in a positive light. The school has the right to remove fans from the facility and there is a possibility of losing at least 2 home games for poor sportsmanship. Please remember this is just a game. Please do not yell at the referees, coaches, or the players. Words of encouragement are always welcome.

If an athlete begins a season with a sport, he or she will not begin practice for the next sports season until the end of the first sport season, unless that athlete is excused by the coach. Rising Sun Middle School will abide by IHSAA rules.

9. **Social Networking and Media Policy:** As an educational institution, Rising Sun Middle School, supports and encourages the rights of individuals to free speech. However, student athletes should be concerned with any behavior that might embarrass themselves, their families, their teams, their community, and/or Rising Sun Middle School. This includes any activities conducted online through social networking sites (i.e. Facebook, My space, podcasting, blog sites, You Tube, Twitter, Snap chat, Tic Tok, or chat rooms.) This also includes the practice of sexting which is a term coined by the media that generally refers to youth writing sexually explicit messages, taking sexually explicit photos of themselves or others in their peer group and transmitting those photos and/or distributing these photos. Participation in Rising Sun Middle School athletics is a privilege, not a right. As a student athlete, you are a representative of the school and community, and as such, you are always in the public eye. Keep the following guidelines in mind as you participate in any of the aforementioned public media:
 1. Before participating in any online community, understand that anything posted online is available to anyone in the world. Any text or photo placed online is completely out of your control at the moment it is placed online, -- even if you limit access to your site.
 2. You are not to post information, photos, or other items that could embarrass you, your family, and your team. This includes items that may be posted on your page by others.

3. You should not post your address, phone numbers, birth date, or other personal information. You could be opening yourself up to predators or stalkers.
4. Be aware of who you add as a friend to your site. Many people are looking to take advantage of student-athletes or seek connection with student-athletes to give them a sense of membership on a team.
5. Coaches and athletic administrators can and do monitor these websites. Disparaging remarks about teammates, coaches, or school officials can serve as grounds for suspension from competition or dismissal from teams, as well as possible legal ramifications.
6. Students-athletes will face disciplinary measures for violation of team policies, athletic department policies, and state and federal laws.

10. Athletic Trainer: An athletic trainer will be available to athletes and coaches. All athletes should be covered under their parents' medical insurance plan. An athlete who is under a doctor's care must provide a "Return to Play" documentation in order to continue participation in any sport.

Discipline:

1. Each head coach may furnish their athletes with specific rules and/or regulations, which apply to that sport, as that coach deems appropriate (the coach will put these in writing and give each team member a copy and the athletic director). To remain a member of that team, the athlete will be expected to adhere to those rules as well.
2. The Principal/Athletic Director may discipline an athlete for any action, which they determine, is detrimental to the school or exhibited poor sportsmanship
