2026-2027 BUS ROUTES

The approximate starting time for each bus is listed below. Parents are encouraged to have their children waiting for the bus as the bus will not be able to wait for an extended amount of time. This is especially important the first few weeks as the student and driver become more familiar with each stop. REMINDER: A bus driver must see an adult at the residence to be allowed to drop off Preschool through 2nd grade students. If an adult isn't present, the bus driver must drive the student back to the Superintendent's Office where the parent will pick the child up. Parents, please note that the high school and the elementary–middle schools will operate from 8:00 am-3:00 pm. Bus routes will only run before and after school. Three year old preschool students are not permitted to ride the bus per state law. In addition to bus numbers, preschool through 2nd grade students will be taught to identify their bus by a color at dismissal time. Please note the colors are listed next to the bus driver's name.

If anyone has questions concerning the bus routes, please call Mr. Branden Roeder at (812) 438-2655.
